

is the world's largest recycler of newspaper and magazines, and is providing Evans Elementary School with the Abitibi Paper Retriever program.

Starting this month and running through March 31, 2008, Abitibi Paper Retriever is running a recycling contest. This contest challenges Evans to recycle 12 tons of paper from October 2007 – March 2008! This may seem like a lot of paper but it really isn't...your unwanted newspaper, workbooks, shopping catalogs, office or school papers, and mail are all we need in order to win!

Please recycle these papers in the bright green and yellow containers – called Abitibi Paper Retrievers – which is located on the side of the school where the students are dropped off in the morning.

Things you can do to win this contest:

- **Have a specific container at home for recycling paper! Tell everyone in your family about how we can help save the trees by tossing anything they don't want in the bin!**
- **Tell a friend to recycle! Offer to take their unwanted paper for them!**
- **Take unwanted paper from work home with you!**
- **Bring your paper to school and put it in the green and yellow bins!**

Thank you for your continued support of this important fund-raising effort!
